Join Us On **JANUARY 17, 2021 at 11:00 AM** to watch the inspiring documentary and learn about the Canadian artist Temma Gentles who brought together approximately 1,450 “stitchers” from many countries to produce the Torah, verse by verse in magnificent embroideries. We will learn how at least 150,000 hours of handwork went in to create a tapestry featuring the 5 Books – resulting in one of the largest tapestries in the world – once completed, the work will be the length of a football field.

Information about the Torah – Stitch by Stitch can be found at www.torahstitchbystitch.org or Facebook.com/Torahstitchbystitch.

We are most pleased to present the award-winning 20 minute documentary and open the floor for discussion.
